

The attractive and quiet designed model are the perfect solution for the contemporary office.

The S 200 **roto**® Office Shredder operating at less than 58 dB(A) are the quietest machines in their category. Despite their compact dimension they have an exceptionally large bin capacity of 38 litres and high sheet capacity make this model one of our most popular machines offered in both strip and cross cut.

The operation is very easy:
As soon as you present the paper – up to 16 sheets in one time – the shredder automatically starts to work. After the shredding process finished the machine will stop automatically. When the waste bin is full it can easily be emptied without lifting the cutting system.

Cutting system:
The cutters are made of special tempered steel and readily accept small clips, staples and credit cards guaranteed for 5 years.

Compact design:
This attractive and powerful machine can fit any small office either next to or under every desk.

The series S 200 is available in 2 models:

- S 200 SC: Strip Cut
- S 200 CC: Cross Cut

The highlights of the series S 200 are:

- Automatic On/Off control
- Reverse function
- Extremely quiet very low running noise
- Easy and convenient emptying of the large waste bin (38 litre)
- Waste bin can also be used as a receptacle for normal waste paper
- Exceptional price-performance ratio

Accessories:
For better shredding performance of the Cross Cut models we recommend the use of our special shredder oil.

5 years warranty on the cutting units

Easy and clear manipulation

Media capacity: Credit Cards

Bin can be used as receptacle for normal waste paper

Waste bin can be easily emptied
